

We offer products and services that build state education agency, service center, district, school and community capacity to implement or advance equity-based, multi-tiered system of support (MTSS) for inclusive education and improved academic, behavior and social-emotional outcomes for all students. MTSS is a system of teaching and learning that is fluid, responsive, dynamic, and alive, and that uses all available resources to meet student needs.

Professional Learning

Keep your team up-to-date

- Learning series and workshops at your site, targeted to your needs
- Content experts to speak at your events
- Professional Learning Institute planning and management
- Executive coaching and consultation

Organizational Capacity Assessments

Identify your strengths and priorities

- Professional facilitation of State and District Capacity Assessments to understand needs and set goals
- Leadership for School-District-State Data Snapshots for data-based identification of priorities for action
- Clear, concise, documented analyses for planning, accountability reporting, and applying for funding or resources

Intensive Technical Assistance

Partnership for whole-system transformation

- Differentiated, strengths-based technical assistance for states, districts and schools
- Coaching and facilitation for Transformation in Action implementation science practices

Fidelity of Implementation Tools

Understand your schools' current realities, monitor progress & avoid drift

- SWIFT Fidelity of Implementation Tools for Early Childhood, Elementary, and Secondary settings, for independent assessment of MTSS
- SWIFT Fidelity Integrity Assessment for Early Childhood, Elementary, and Secondary settings, for self assessment of MTSS
- Support for both assessments
 - Boot camps to train and certify your assessor teams
 - swiftassessment.org system to store and view your data by school across time
 - Administration packets and instructional materials
 - Online modules for refresher training

Equity, Disproportionality & Special Education Support

Advance your initiatives

- Develop and prepare funding proposals
- Create custom field guides, webinars, online training modules, and materials
- Provide study group and/or task force leadership, research, and analysis
- Jointly determine content and support structures best suited to your unique needs

Our amazing staff is eager to support you and your team. Let us know the type of products and services that interest you, and how to contact you. Let's get started!
