## **Purpose of SWIFT-FIA**

SWIFT Fidelity Integrity Assessment (SWIFT-FIA) is a self assessment used by School Leadership Teams to examine the current status of school-wide practices that have been demonstrated through research to provide a basis for successfully including all students who live in the school community. School-based teams can administer SWIFT-FIA through a structured conversation accompanied by a review of evidence to substantiate the assigned ratings. By assessing the extent of current implementation of SWIFT Core Features throughout the school year, teams can monitor their progress over time.

## **Conducting SWIFT-FIA**

### **Who completes SWIFT-FIA?**

A trained School Leadership Team completes SWIFT-FIA with support from a SWIFT Facilitator who guides discussions and helps the team to assign scores. This Facilitator clearly understands the SWIFT framework and can articulate what it looks like when schools implement each SWIFT Core Feature. A SWIFT-FIA Facilitator should be trained in the content of the Core Features, group facilitation, and criteria for scoring SWIFT-FIA. A school team should be trained in using SWIFT-FIA to discuss the school's performance and progress in SWIFT implementation.

### **When and how often should SWIFT-FIA be completed?**

SWIFT-FIA results should be used on a regular basis to monitor implementation. A School Leadership Team generally completes SWIFT-FIA approximately every 3 months (or Fall, Winter and Spring of the school year) to discuss progress and barriers to progress, and how changes can be implemented. At the very least, school teams should complete SWIFT-FIA twice a school year.

### **How is SWIFT-FIA completed?**

A School Leadership Team reviews each descriptive statement on SWIFT-FIA and examines its current status (e.g., We are: Laying the Foundation, Installing, Implementing, or Sustaining School-wide Implementation). Team members should schedule 60-90 minutes for the first administration and at least 30-45 minutes for subsequent progress monitoring. With subsequent administrations, the team will be able to become more efficient and focus on changes that have resulted from implementation efforts.

## SWIFT Domains, Core Features, and related SWIFT-FIA items

SWIFT Domain	SWIFT Core Feature	SWIFT-FIA Item / Improvement Area
Administrative Leadership	Strong and Engaged Site Leadership	1. Valued Leadership 2. Empowered Decision Making
	Strong Educator Support System	3. Educator Coaching and Learning 4. Personnel Evaluation
Multi-tiered System of Support	Inclusive Academic Instruction	5. Academic Supports 6. Academic Instruction 7. Data-based Decision Making for Academics
	Inclusive Behavior Instruction	8. Behavior Supports 9. Behavior Instruction 10. Data-based Decision Making for Behavior
Integrated Educational Framework	Fully Integrated Organizational Structure	11. Tier I Instruction for All 12. Non-categorical Service Delivery
	Positive and Strong School Culture	13. Full Access for All Students 14. Shared Responsibility
Family & Community Engagement	Trusting Family Partnerships	15. Family Opportunities to Participate 16. Partnerships with Families
	Trusting Community Partnerships	17. Community Collaboration 18. Community Benefits
Inclusive Policy Structure & Practice	Strong LEA (District)/School Relationship	19. LEA (District) Support 20. LEA (District) Addresses Barriers
	LEA (District) Policy Framework	21. LEA (District) Process for RBP (research-based practice)

These 21 SWIFT-FIA items are associated with SWIFT Domains and Core Features, and are aligned with SWIFT Fidelity of Implementation Tool (SWIFT-FIT).

## Scoring and Summarizing Results

The current status of each item in SWIFT-FIA is assessed on a 0-3 scale.

**0 = Laying the Foundation:** Our school does not have everything in place to meet the stated criteria. Our school may have discussed our current status and the need for implementation, including discussions to identify existing strengths and barriers, and the degree to which the item description meets the needs of our school. However, no implementation actions are planned or in progress at this time.

**1 = Installing:** Our school has started working on improvement of the SWIFT-FIA item with a clear plan. Our School Leadership Team has defined clear steps to develop the feature and personnel are assigned responsibility for carrying out and coordinating the plans.

**2 = Implementing:** Our school began implementation and is now working on school-wide applications. All implementation components are in place and the transformation efforts have started to make systemic changes.

**3 = Sustaining School-wide Implementation:** Our school meets all criteria described in the item; and all are fully integrated and functioning. Our school maintains and improves skills through the system. Overall effectiveness is regularly monitored and methods for implementation are revised to fit our school's context and ensure successful outcomes.

SWIFT-FIA results are summarized into 1) a total score, 2) individual SWIFT domain scores, 3) individual SWIFT core feature scores, and 4) individual item scores. Scores are determined by calculating the percentage of points for a SWIFT-FIA item. See the tables on page 32 for a sample score summary sheet and an example of calculating scores.

The results can be used for

- Identifying and prioritizing practices for transformation
- Internal decision making about actions to install and implement those practices
- Follow up on effects of action plans on practices

The summary of results provides schools with a picture of their current implementation of SWIFT Core Features.

1.1 Our school has a valued School Leadership Team to implement and sustain system transformation that continuously improves teaching and learning.

*Main Idea: A School Leadership Team that works collaboratively with other school teams, families, and stakeholders is essential to effectively implement SWIFT.*

0 = Laying the Foundation	1 = Installing	2 = Implementing	3 = Sustaining School-wide Implementation
<p>Our school is exploring how a School Leadership Team can function and who will be on the team.</p> <p>The current School Leadership Team meets periodically with representatives of the school.</p>	<p>Our school leadership is recruiting team members, designing roles for functioning within the team, and setting up a regular schedule for meeting at least monthly.</p> <p>The School Leadership Team reviews school-wide student and/or school performance data once or twice a year. The team is learning how to use data to guide instruction and school governance.</p>	<p>Our school has a Leadership Team that meets twice a month (or once a month with equivalent sufficient time), and includes the Principal and educators representing general education, special education, and other student services.</p> <p>The School Leadership Team reviews school-wide student and/or school performance data and uses those data to monitor school progress, guide instructional practices, and make school governance decisions.</p>	<p>Our school has a Leadership Team that meets twice a month (or once a month with equivalent sufficient time), and includes the Principal and educators representing general education, special education, and other student services.</p> <p>The School Leadership Team reviews school-wide student and/or school performance data and uses those data to monitor school progress, guide instructional practices, and make school governance decisions.</p> <p>The School Leadership Team functions well, has plans to continue, and monitors the team's effectiveness.</p>

- How do we know?
- School Leadership Team meeting minutes for past several months
    - Does our School Leadership Team meet regularly (i.e., at least twice a month or once a month with equivalent sufficient time)?
    - Does our School Leadership Team include family representatives?
    - Does our School Leadership Team include members of grade level, content level, and/or support team members?
  - Sample data summaries used by the School Leadership Team
    - Does our School Leadership Team review data (student outcome, fidelity of implementation, and stakeholder survey) to inform school level decisions (such as areas of professional development for educators, the use of resources, tasks to school teams, and so on)?
  - Perceptions of School Leadership Team members
    - Does our school focus on teaching and learning improvement, which includes administrators' participation in various team meetings, classroom observation, and other activities to promote instructional outcomes?

1.2 The Principal and School Leadership Team encourage open communication and support all educators and families to contribute to core school decisions.

Main idea: *When the whole school community has the opportunity to participate in implementation decisions, the greater the likelihood that the work will be consistent and sustain over time.*

0 = Laying the Foundation	1 = Installing	2 = Implementing	3 = Sustaining School-wide Implementation
<p>Our school is exploring the meaning of distributed leadership and what it might look like in our school.</p> <p>Administrators are the ones who primarily handle leadership decisions.</p>	<p>Our school is developing communication structures that foster an open exchange of ideas.</p> <p>Our leaders are figuring out how to delegate authority to members of the school community and empower school teams to contribute to key decisions.</p> <p>The School Leadership Team is planning for family input into school decisions.</p>	<p>Educators, other school staff, and families have regular opportunities to exchange their ideas to address school issues through team meetings or other reciprocal communications with school leaders.</p> <p>Our Principal and School Leadership Team delegate authority to other school teams to make decisions related to their primary functions.</p> <p>Families contribute to core school decisions.</p>	<p>Educators, other school staff, and families have regular opportunities to exchange their ideas to address school issues through team meetings or other reciprocal communications with school leaders.</p> <p>Our Principal and School Leadership Team delegate authority to other school teams to make decisions related to their primary functions.</p> <p>Families contribute to core school decisions.</p> <p>The School Leadership Team reviews the team's functioning and effectiveness of its communication for continuous improvement.</p>

How do we know?

- School Leadership Team meeting minutes or other similar documents
  - Are team meetings designed so that team members contribute to decisions and school practices?
- Educators' perceptions
  - Are our School Leadership Team and administrators easy to access so that all stakeholders have the opportunity to exchange ideas and contribute to school decisions?
- Written procedures for key school teams
  - Does our school have clearly documented roles and functions of each school team, which includes core decisions that a team can make and their communication with the School Leadership Team and/or administrators?

2.1 Our school provides sufficient professional learning and instructional coaching to improve teaching and learning.

Main idea: *A structured, data-driven system for continuous professional learning leads to high quality instruction and implementation of research-based practices with fidelity.*

0 = Laying the Foundation	1 = Installing	2 = Implementing	3 = Sustaining School-wide Implementation
<p>Our school is exploring instructional coaching practices and how they can best support educators in our school.</p> <p>Administrators are the primary decision makers regarding professional learning activities and instructional coaching supports.</p>	<p>Our school is developing a plan to provide instructional coaching to educators. This plan includes a mentoring system for new teachers in their first 2 years.</p> <p>We are preparing a data gathering system to determine the professional learning and support needs of our staff.</p>	<p>Educators in our school receive instructional coaching on the use of research-based practices within their first 2 years of teaching and ongoing as indicated through data or upon educator request.</p> <p>Coaching includes teaching demonstration, support, and feedback in the classroom.</p> <p>Our school provides professional learning within 2 – 3 months of a request or need identified by data, and includes input from school community members.</p>	<p>Educators in our school receive instructional coaching on the use of research-based practices within their first 2 years of teaching and ongoing as indicated through data or upon educator request.</p> <p>Coaching includes teaching demonstration, support, and feedback in the classroom.</p> <p>Our school provides professional learning within 2 – 3 months of a request or need identified by data, and includes input from school community members.</p> <p>The School Leadership Team reviews these educational supports for continuous improvement.</p>

How do we know?

- Record of coaching time is available to the school
  - Does our school provide new teacher supports and proactive mentoring/coaching, which includes demonstration and feedbacks for all educators across all content areas?
- Professional learning log and needs assessment
  - Can educator supports (e.g., professional learning, technical assistance, coaching, or resource delivery) occur within 2-3 months of request?
  - Does our School Leadership Team use data and stakeholder inputs to decide and/or request professional learning topics?
- Perception of educators
  - Do educators agree that they are getting enough supports for quality instruction?

2.2 In our school, personnel evaluation is supportive and useful for educators to build instructional knowledge and skills.

Main idea: *When educator evaluations provide positive and constructive feedback, educators will have the information to improve their instructional practices.*

0 = Laying the Foundation	1 = Installing	2 = Implementing	3 = Sustaining School-wide Implementation
<p>Our school is exploring methods for using personnel evaluation and feedback to improve instructional practices and increase student outcomes.</p> <p>Personnel evaluation is used primarily to meet compliance requirements and/or for state reporting.</p>	<p>Our school is establishing a personnel evaluation and feedback process focused on improving instructional practices and increasing student outcomes.</p>	<p>Our personnel evaluation results in identification of strengths and specific areas for improvement in teaching and learning.</p> <p>Teachers report that feedback is supportive.</p> <p>Evaluation procedure includes input from a variety of sources such as observation, interview, and student performance data.</p>	<p>Our personnel evaluation results in identification of strengths and specific areas of improvement in teaching and learning.</p> <p>Teachers report that feedback is supportive.</p> <p>Evaluation procedure includes input from a variety of sources such as observation, interview, and student performance data.</p> <p>The School Leadership team consistently uses the personnel evaluation and feedback for continuous improvement.</p>

- How do we know?
- Teacher evaluation procedures and other administrator observation schedules and feedback systems
    - Does our educator evaluation use multiple sources and provide useful information and feedbacks for educators to improve instructions?
  - Report from educators
    - Do educators in our school report that feedbacks from the educator evaluation are useful?

3.1 Our school has a school-wide system to promote academic success for all students, and responds with additional support for students who do not demonstrate success.

Main idea: *An appropriate and effective Multi-tiered System of Support (MTSS) for Reading and Math is essential to prevent academic failure and provide opportunities for all students to receive an equitable education.*

0 = Laying the Foundation	1 = Installing	2 = Implementing	3 = Sustaining School-wide Implementation
<p>Our school is exploring the components of a multi-tiered instructional system for reading and math and what it might look like in our school.</p> <p>We have a core curriculum for reading or math. How do we know?

- Grade-level and instructional support team meeting minutes
  - Do special educators regularly and formally meet with grade level educators to discuss progress of students at risk and plan tiered interventions?
- Tier I reading and math curricula
  - Does our school have research-based core Tier I curriculum for reading and math? And do we have fidelity measures available to check instructions are delivered as intended?
- Universal screening and progress monitoring
  - Do universal screenings to identify students at-risk of academic failure occur at least 3 times a year, and are more frequent assessments available to monitor their progress on both reading and math?
- Tier II & III intervention guidelines, including instructional fidelity records and rules for student access to and exit from interventions
  - Does our school have research-based Tier II and III interventions, and are those interventions delivered with fidelity as intended?
  - Does our school have clear access and exit rules to identify when students need to participate in advance tier interventions?

3.2 Our school personnel use multi-level instructional strategies for both reading and math to include all students with various needs in the general education curriculum activities.

Main idea: *Instructional practices and strategies designed to address the variety of informational access, processing, and communication needs of ALL students will allow teachers to include ALL students more effectively.*

- How do we know?
- Review school expectations of multi-level instruction and UDL
    - Does our school have clear expectations regarding UDL, differentiation, and flexible grouping, and provide sufficient resources and learning opportunities?
  - Review sample lesson plans
    - Does our school expect educators to include all components of UDL and differentiated instruction in the lesson plan?
    - Does our school have a system to regularly and formally monitor all components for UDL and differentiated instructions?
  - Review the school schedule

(continues)

- Does our school schedule have time set aside for regular, consistent planning among collaborative teaching pairs or grade-wide teams that include specialized educators?
- Review collaborative team planning notes
  - Do our teams have agendas, shared responsibilities for assignments, notes for actions to be taken, and follow up on actions?

3.3 Our school identifies and prioritizes instructional interventions based on analysis of multiple sources of academic data.

*Main idea: When teachers and school teams use data to make decisions about school practices, they are likely to design appropriate instructional strategies, interventions and individualized academic supports.*

- How do we know?
- Grade-level or instructional support team and School Leadership Team meeting minutes
    - Does our school use all levels of outcome data (individual, classroom, grade level, student subgroups) to develop appropriate instruction?
  - Inventory of tool(s) used to assess fidelity of implementation
    - Does our school monitor the implementation of instructional practices and use fidelity data to determine the effectiveness of interventions?
  - Process and content for data collection, summary and use for decision-making
    - Does our school have a consistent formal procedure to collect student academic performance data and summarize them?

4.1 Our school has school-wide systems to promote effective social behavior for all students.

  - Review current Tier I fidelity of behavior support implementation (e.g., Positive Behavioral Interventions and Supports or PBIS)
    - Does our school have a fidelity measure, and is the score high enough to say that our school's Tier I behavior support is fully in place?

4.2 Our school provides research-based, multi-tiered interventions based on functions of behavior with fidelity.				
<i>Main idea: When educators use data based on the functions of student behavior in order to design research-based multi-tiered behavioral interventions, then those interventions will be appropriate and effective.</i>

Inclusive Behavior Instruction - Behavior Intervention

How do we know?

- Review functional behavioral assessments (FBA)
  - Is our FBA available for all students who need advanced (Tier III) supports, regardless of their eligibility for IEPs?
- Review sample Tier II & Tier III behavior support plans
  - Are our interventions designed to incorporate family and/or student perspectives and results of all assessments (e.g., FBA, academic tests, mental health assessments, etc.)?
  - Does our Tier III behavior plan include prevention strategies, strategies for increasing desired behavior, strategies for minimizing rewards for problem behavior, and exit criteria?
- Review sample progress monitoring data for students receiving Tier II & III supports
  - Are our interventions modified as necessary based on outcomes, fidelities, and inputs from stakeholders?

4.3 Our school identifies and prioritizes instructional interventions based on analyzing multiple sources of behavior data.

Main idea: *A data-based decision making process that uses multiple data sources to plan, monitor, and implement behavior supports at all tier levels will enable the school to effectively select, design and modify behavioral interventions.*

How do we know?

- Universal screening data collected at least annually
  - Does our school have a universal screener for behavior to proactively provide supports for students at risk?
- Fidelity data documenting implementation of Tier II and/or Tier III behavior interventions and supports
  - Does our school measure and monitor fidelity of Tier II and III behavior supports?
- Review grade-level or instructional support team meeting minutes
  - Do school teams review behavior data as well as academic data together to understand student performance?

(continues)

- Action plan for improved implementation
  - Are action plans based on data reviews and modified from its outcomes?
- Student outcome measurement systems for all three tiers
  - Does our school use aggregate data (e.g., school level, grade level, student subgroups) to investigate overall effectiveness of each tier level supports with fidelities?

## 5.1 All students in our school participate in the general education curriculum instruction/activities of their grade level peers.

*Main idea: All students, even those with the most extensive support needs, will be more successful when they learn in the general education classroom with their same-age grade level peers.*

0 = Laying the Foundation	1 = Installing	2 = Implementing	3 = Sustaining School-wide Implementation
<p>Our school has students with disabilities or other conditions who are removed from the general education classroom for at least some part of the school day for their primary (Tier I reading and math) instruction. How do we know?

- Special educator and paraeducator schedules
  - Are special educators and paraeducators responsible to all students and participating in grade level instructions?
  - Are grade level educators responsible to all students including students with IEPs, and are all students with IEPs included in general education curriculum through various instructional strategies such as peer-assisted learning or co-teaching?
- Sample schedules for students taking alternative tests
  - Are all students enrolled in our school including students taking alternate assessment participating in general education curriculum instruction with their grade level peers?

## 5.2 Our school embraces non-categorical service delivery to support diverse needs of students.

*Main idea: When faculty and staff are expected to support all students, regardless of their title or particular student need, instruction and supports are respectful, and can be flexible and innovative, meeting the diverse needs of students.*

0 = Laying the Foundation	1 = Installing	2 = Implementing	3 = Sustaining School-wide Implementation
<p>Our school is working to understand what “non-categorical” services are and investigating the need for non-categorical service delivery.</p> <p>Our school uses categorical language to refer to services, and sometimes to students who receive those services, such as Special Education or SPED, ELL students, etc.</p> <p>Personnel titles and building signage are based on service categories.</p> <p>Our school does not have a policy related to non-categorical service delivery.</p>	<p>Our school assigns tasks and develops plans to deliver non-categorical services.</p> <p>Our school is planning or has begun to train all educators for the non-categorical service delivery.</p> <p>A team or person is reviewing possible policy items to be included in the non-categorical service delivery.</p> <p>School staff are discussing implications of person-first language, disability-identity language, and other ways in which students who have diagnoses or labels are respected.</p>	<p>Our school has documented policy for non-categorical service delivery to support diverse needs of students in a flexible manner. 6.1 All students including those with IEPs in our school have equal access to the general education curriculum and extracurricular learning activities with appropriate supports.

*Main idea: An equitable education means equal opportunities for all students to participate in all core instruction and extracurricular activities. These opportunities require collaborative planning and sharing of responsibilities across staff of various areas of expertise.*

0 = Laying the Foundation	1 = Installing	2 = Implementing	3 = Sustaining School-wide Implementation

    - Does our school utilize collaborative planning and co-teaching to include more students in the core curriculum activities in all classrooms?
  - Report from educators and families of students with special needs
    - Do all students with IEPs have equal opportunities to participate in extra curricular activities?

**6.2 All school personnel (i.e., instructional and other personnel) share responsibility and employ culturally responsive practices to educate all students in our school.**

*Main idea: Culture is central to learning. Learning environments and activities that reflect students' social, cultural, and linguistic experiences maximizes learning opportunities and makes instruction relevant for students.*

0 = Laying the Foundation	1 = Installing	2 = Implementing	3 = Sustaining School-wide Implementation
<p>Our school is discussing how to engage all adults in the building in the teaching and learning process. How do we know?

- Culturally responsive practices assessment results
  - Does our school assess the status of culturally responsive practices and plan actions to improve it?
- Educator job descriptions
  - Are all educators in our building responsible for all students (regardless of IEPs)?
  - Are all adults including non-instructional educators responsible for all students' academic and/or behavior outcomes with a formal policy or a job description?

**7.1 Our school provides families with opportunities/resources to participate in the decision-making of their child’s education.**

- Survey results or other documents to solicit feedback from families
    - Does our school solicit input from families to include them in school governance decisions?
  - Procedure for providing information to families
    - Does our school provide all information regarding their children’s education (e.g., assessment results, current progress, academic/behavior standards, parent rights) and opportunity to participate in intervention decisions for their children?

**7.2 All personnel in our school understand the importance of building positive partnerships with their students' families.**

*Main idea: Positive family-school partnerships result when educators intentionally seek family input on the school's educational practices and include family members on school teams and committees.*

Trusting Family Partnerships - Partnerships with Families

- How do we know?
- Review a procedure for assessing current initiatives
    - Does our district in collaboration with school building administrators have a formal procedure to link multiple initiatives together to avoid duplication of efforts?
    - Does our district in collaboration with school administrators have a formal procedure to review and revise policy to incorporate the lessons learned from a practice and/or to facilitate practices better?
    - Does our district have a formalized plan to extend successful SWIFT implementation to other schools?

LEA (District) Policy Framework - LEA (District) Process for RBP	<p><b>10.2 Our LEA (District) uses school-building information to support, and ensure training regarding research and/or research-based practices.</b></p> <p><i>Main idea: By using multiple data sources, including input from school-based staff, to select research-based practices and provide professional learning opportunities to school-based educators, the practices and training will result in meaningful change in instruction for the benefit of all students.</i></p>

	Our district is exploring the benefit of a policy and process to select research-based instructional practices. Our district does not have or does not fully utilize a formal procedure to select research-based practices or our school is not aware of or involved in the process.	Our district is developing a policy and process for selecting research-based practices. The process involves school administrators to solicit input and feedback.	Our district has a clear policy and process for selecting research-based practices and the selection process involves school administrators.
